Welcome to this beautifully maintained and truly unique home in the highly sought-after community of Oakridge. With four bedrooms upstairs, it's ideal for a growing family seeking space, comfort, and charm. Begin your tour through the large, private west-facing courtyard—perfect for entertaining or a secure play space for children. Inside, the home's distinctive layout immediately stands out. To the left of the front entry is a massive dining room featuring a full wall of built-in cabinetry and a charming window seat. The space is large enough to host a table for 16 guests—ideal for large family gatherings and entertaining. To the right of the entry, step down into a formal sunken living room, then up into the cozy library (originally a dining room), now an inviting space for reading and relaxation. The back entry is plumbed for main-floor laundry, though a spacious laundry room downstairs offers ample room for folding, sorting, and storage. The kitchen was renovated with full-height cabinetry, sleek white Corian countertops, and a lovely bay window over the sink that overlooks the landscaped backyard. It also features a pantry with convenient pull-out shelves and a pass-through to the breakfast nook. Adjacent is a spacious family room centered around a gas fireplace—perfect for cozy evenings and family gatherings. A 2-piece powder room completes the main level. Over the years, many upgrades have been completed, including the replacement of nearly all windows (except the one in the library), two high-efficiency furnaces, air conditioning (on upstairs furnace), a newer hot water tank and roof, and updated carpet in the family room. Both the kitchen and main upstairs bathroom have been renovated, with the main bath boasting a 6-foot tub and a separate shower. Upstairs, the primary suite includes a 4-piece ensuite and a private balcony overlooking the

backyard. Three additional generously sized bedrooms and a newly renovated main bath complete the upper level—ideal for a larger family. The basement is partially developed, offering large windows, roughed-in plumbing, and substantial storage space with potential for future customization. Don't miss the oversized garage—featuring soaring ceilings, a large mezzanine for storage, and enough clearance for a lift, perfect for a car enthusiast. Garage access is via the rear alley. Step into the backyard to find multiple private sitting areas, a gazebo, and beautiful landscaping filled with mature trees and perennials that provide a peaceful, secluded atmosphere as they bloom. Located just a short walk from Glenmore Reservoir, close to shopping, and with quick access to Stoney Trail—this is the ideal family home in an unbeatable location.
