Located in the established community of Bow Ridge, this rare bungalow-style walkout villa offers low-maintenance living with thoughtful updates throughout. Bungalows of any type are hard to come by in Cochrane and are highly sought-after for their versatility and accessibility. This home backs onto green space in a quiet cul-de-sac and is only attached on one side for added privacy. (Please note there is no age restriction for this complex.) The layout supports true single-level living, with everything you need on the main floor — including the primary bedroom, walkthrough ensuite with skylight, main floor laundry, and a second bedroom and full bathroom for guests or a home office. In total, the home features four bedrooms and three full bathrooms, with a fully finished walkout basement that includes two additional bedrooms, a third bathroom, a large rec space, and a second gas fireplace. The basement is also roughed-in for in-floor heating. Additional highlights include high ceilings, luxury vinyl plank flooring throughout (carpet only on stairs), newer appliances, a newer furnace and hot water tank, and no Poly-B plumbing. The double attached garage offers plenty of storage, and there's just one step from the front entry into the home for easy access. The well-managed complex has no age restrictions, and the condo fee covers common area maintenance, snow removal, and reserve fund contributions—providing residents with peace of mind and an easier day-to-day lifestyle. You'll enjoy convenient access to the town centre as well as the TransCanada Highway for commuting to Calgary or weekend trips to the mountains.
