Set in the established community of Signal Hill, this 3-level townhome in "The Landings" offers over 2,000 sq ft of updated living space, a walkout lower level, and a quiet setting backing onto green space. Plenty of recent updates and renovations make it move in ready...The main floor has been thoughtfully opened up to create a more connected and functional layout. Large windows bring in natural light throughout the day, while the living room is anchored by a gas fireplace that adds warmth and definition to the space. The kitchen blends style and practicality with granite countertops, stainless steel appliances, ample cabinetry, and a central breakfast bar that naturally connects to the dining area and south-facing deck...Upstairs, the layout is both rare and highly functional, with two true primary bedrooms—each complete with its own ensuite and walk-in closet. Vaulted ceilings and a skylight add to the sense of space, while upper-level laundry keeps day-to-day living efficient...The walkout lower level extends the living space with a versatile family or media room, direct access to a private patio, and a seamless connection to the surrounding green space...Extensive updates have already been completed, including a new roof (2025), new hot water tank (2024), new garage door (2024), and an interior renovation featuring updated flooring, bathrooms, and an opened-up main floor. Additional features such as heated flooring in the primary bath, built-in closet shelving, and a water filtration system add comfort and long-term value...Located in a well-managed complex just minutes from schools, shopping, parks, and major routes, this home offers a rare combination of updated interior, functional layout, and a quiet, established setting in one of Calgary's most desirable west-side communities.
