Here it is, Fort McMurray. A real chance to get into a detached single family home in one of the city's most established neighbourhoods, at a price point that leaves real room in the budget to make it exactly what you want it to be. This is a repo property sold as-is, & for the right buyer, that is not a red flag. That is an opening. Whether you are a growing family ready to put down roots, or a downsizer looking to simplify without giving up a yard, a garage, or your own front door, 108 Harpe Way is worth pulling up to. Sitting on a 6,168 SQFT lot in the heart of Timberlea, this single family mobile home offers 1,216 SQFT of well-laid-out living space with a floor plan that just makes sense. The kitchen has an island & opens right into the living & dining area, creating one connected, easy-flowing space. The dining room pulls in great natural light, making the main floor feel bright & open even on grey days. The living room has real space to it, enough for a full sectional, a play zone, & a reading corner, all at once if you want. The primary bedroom is spacious & private, complete with a walk-in closet & a 4PC ensuite that keeps your mornings moving. Two additional bedrooms give you flexibility for kids rooms, a home office, or a guest space, whatever your household needs right now. A 4PC main bathroom serves the rest of the home well, & a dedicated laundry & storage room keeps the everyday clutter contained in its own corner. Outside, the yard is fully fenced & ready for kids, dogs, garden projects, or fire pits. The detached single garage means covered parking & extra storage, which in Fort McMurray is less of a bonus & more of a basic requirement come November. The generous 6,168 SQFT lot gives you real outdoor space to shape over time. Timberlea is one of Fort McMurray's most family-friendly & well-connected communities. Syncrude Athletic Park is just minutes away, offering sports

fields, green space, & walking paths right in the neighbourhood. Schools, shopping, parks, & everyday amenities are all close by, making daily life genuinely easy. A monthly condo fee of \$175 applies. Full transparency: this is a repo & it is priced to reflect that honestly. It is a fixer upper. The layout is smart, the lot is generous, & the garage is there, but it is going to take some work & vision to bring it to its full potential. For the buyer who wants to get into the market, build real sweat equity, & put their own stamp on a space, this is exactly the kind of opportunity that does not come around every day.
