Welcome to Riverstone — where upgraded living meets one of Calgary’s most naturally beautiful settings. Backing directly onto a private escarpment with no rear neighbours, this is the kind of townhome that quietly outclasses the competition. Inside, every inch has been elevated. The tiled front entry makes a strong first impression with custom built-ins and integrated bench seating that instantly adds style and function. Beyond that, the main floor opens into a bright, beautifully connected living space flooded with natural light from oversized windows and patio doors framing peaceful escarpment views. The kitchen delivers with quartz countertops, stainless steel appliances, a gas range, and breakfast bar seating designed for everyday living and effortless entertaining. The adjacent dining area features a striking full built-in wall unit, while the removal of the standard dividing wall allows natural light to travel through both levels, creating an airy, elevated feel throughout the home. A sleek two-piece powder room completes the main floor. Upstairs, both bedrooms are oversized and exceptionally designed — each offering its own private ensuite and dedicated built-in workspace. The standout? A stunning built-in reading nook overlooking the escarpment that feels pulled straight from a design magazine. Luxury vinyl plank flooring runs throughout the entire home with no carpet anywhere. The fully finished basement adds even more flexibility with large windows, custom built-in office space, and an adorable dog wash station that pet owners will immediately appreciate. Even the attached garage goes beyond expectations — fully finished and equipped with an EV charger. Outside, the backyard feels like a retreat with uninterrupted natural surroundings, wildlife views, and a level of privacy rarely found in townhome living. Set among pathways, parks,

playgrounds and the Bow River Valley, Riverstone offers the perfect balance of connection and escape — close to everything, yet removed enough to feel like your own hidden corner of the city. This is upgraded, low-maintenance living with character, privacy, and serious style. Check out the video and the virtual tour and call your favourite agent to view today!
