Built in 2023 and offering over 3,012 sqft of developed living space, this is anything but your average two-storey. From the moment you arrive, the difference is undeniable. An oversized heated double attached garage, back lane access, seller-owned solar panels, triple pane windows, permanent outdoor lighting with a subtle evening glow, and smart home technology create the perfect balance of sophistication and functionality. Step inside and experience the striking 20-foot entryway, where natural light floods the open-concept layout and luxury vinyl plank flooring flows throughout the main level. Designed for both connection and comfort, the main floor features a dedicated office space before opening into an impressive living, dining, and kitchen area built to entertain. The gourmet kitchen is a true showpiece - complete with quartz countertops, built-in gas stove, wall oven, built-in microwave, counter-depth french door refrigerator with ice maker, and a massive walk-through pantry. A spacious dining area, inviting living room, elegant powder room, and functional boot room complete the main floor. Upstairs, two generously sized bedrooms each offer walk-in closets and share a beautifully finished 4-piece bathroom. The spacious laundry room provides additional storage, while the dramatic 14-foot open loft overlooking the grand foyer below creates a stunning architectural focal point. A massive walk-in linen closet adds functionality, while the primary retreat delivers a spa-inspired ensuite featuring dual vanities, a deep soaker tub, and standalone shower. The fully developed basement transforms lower-level living into a true lifestyle retreat. With impressive 9'8" ceilings and an

expansive layout, the space is currently designed for movie nights around the mounted 100-inch TV, a golf simulator, games area, darts setup, or oversized lounge space. It feels open, energized, and nothing like a typical basement - also features a full washroom for convenience of your guests. Premium upgrades include a UV-C ultraviolet air purification system, high-efficiency furnace, HRV unit, and Navien tankless hot water heater. Step outside to your private deck complete with a BBQ gas line, perfect for summer evenings and entertaining.
