Pride of ownership is readily evident in this gorgeous house built by Shane Homes. Have you ever wanted to live in a property backing on to green space that ticks every single box and looks like a show home? Well, this is your opportunity. Featuring over 2400 square feet with 3 bedrooms upstairs, three and a half bathrooms and a basement bedroom, there is plenty of space for a family or multi-generational living. Step into the front foyer, and you are greeted by open concept living complemented by 9 foot ceilings, a gorgeous kitchen with counter to ceiling tile, and premium appliances. The nicely sized second and third upstairs bedrooms are separated from the primary bedroom with a well appointed bonus room, giving the primary bedroom a serene getaway feel. Also located on the upper level is the stacked laundry, giving the homeowner the ultimate in convenience. The lower level was professionally finished with full city permits and features a large rec room, bedroom with walk in closet, a modern four piece bathroom and plenty of storage. fully permitted basement expands the living space with a large fourth bedroom with its own walk-in closet, a modern 4-piece bathroom, This home is thoughtfully equipped for year-round comfort with central air conditioning, a water softener, and integrated smart-home features. Outside, the fully fenced and landscaped backyard leads to a 20' x 24' detached garage complete with an 8' overhead door, insulation, 30-amp service, and an upgraded 60-amp line—ideal for EV charging or workshop use. Backing onto a green space, this home enjoys privacy rarely found in newer communities. Dog lovers will appreciate the short walk to a large dog park, trails to the Bow River and Fish Creek Park, this home delivers the perfect blend of nature, convenience, and modern living.
