Simply move in and start living. This is a truly turn-key property where the acreage lifestyle begins as soon as the last box is unpacked. Every aspect of the home has been thoughtfully designed for both style and function, with extensive custom millwork, built-ins and cleverly planned storage throughout. Outside, meticulously maintained landscaping and established outdoor living spaces reflect the same level of attention. The main entry opens beneath 12-foot ceilings that continue into the living room, where windows showcase the views. The dining room features walls of windows and a striking 17-foot circular vaulted ceiling with wood detailing. The kitchen makes its own statement with a soaring 17-foot vaulted ceiling accented by wood beams. Granite counters, a generous island, premium built-in appliances and custom cabinetry combine style and function. Off the kitchen, the three-season room with gas fireplace connects to landscaped grounds with a gazebo, raised garden beds and pathways, and to the full-length elevated rear deck overlooking the Bow River Valley and south Calgary. Below, a sheltered stamped-concrete patio opens to the lawn. Custom cabinetry leads to a huge walk-in pantry, powder room and laundry with built-in storage, raised dog wash and access to a fenced dog run. The primary suite features a 17-foot vaulted ceiling, large windows and views. The ensuite includes heated travertine floors, soaker tub,

oversized shower and separate water closet, with extensive custom closet storage. The walkout basement carries the same quality throughout, with 9-foot ceilings, in-floor heat, large windows, gas fireplace, custom built-ins and a second wet bar. Two large bedrooms, full bath and gym provide room for family and guests. Additional space allows for future bedrooms or living areas, plus abundant storage and an insulated cold room. A private staircase to the garage adds potential for multi-generational living. The heated four-bay garage is a mechanic's dream, with one bay prepared for a vehicle hoist with reinforced concrete, structural support and electrical in place. The elevation, mature landscaping and positioning of this home create an incredible degree of privacy while preserving the panoramic views that define this hillside setting. Here, country living means room to breathe, space to gather and the freedom to enjoy your property in comfort and privacy.
