The heart of the home is the chef-inspired kitchen showcasing custom maple cabinetry, expansive quartz countertops, oversized island with additional storage and seating, commercial-style appliances including full-size refrigerator/freezer, multiple ovens, ice machine, and seamless flow into the grand dining and great room spaces. Designed for connection, the main living areas capture the beauty of the property with walls of windows, a grand dining area overlooking the grounds, impressive living room with vaulted ceilings and wood-burning fireplace, quiet sitting room with mountain views, private study, and guest bedroom.
