Nice big parcel ~ 58 acres ~ in the Leslieville area located along pavement just north of Hwy 12 with a lovely valley view! The home features a lot of living space (1960 sq ft per level!) so there's plenty of room for a large family or multigenerational living. The northeast side of the home was built in 1987 and added onto in 1996. The upper level features a living room and family room with a gas fireplace, large kitchen, primary bedroom with a three piece ensuite and deck, two additional bedrooms and a second bathroom with a jetted tub. The lower level has a cozy rec/family room, two bedrooms, office, large laundry room, full bathroom and kitchen area. Direct access from the lower level to the attached garage. The south side deck features a hot tub and an outdoor fireplace and there's a detached garage as well. The property is partially fenced and has been used for pasture (both horses and cattle) with a spring fed creek.
